

## **Hycroft Resources & Development, LLC.**

### **Electrical & Instrumentation Technician**

Hycroft Mining Holding Corporation is a US-based gold and silver mining company, which operates its wholly owned Hycroft open pit, gold, and silver mine located an hour southwest of Winnemucca, Nevada.

#### **Job Description**

Safely and efficiently performs preventive, installation, and troubleshooting of power distribution centers, switchgears, motors and controls, process controls and instrumentation. Must be willing to work shifts, overtime, and callouts. Perform other duties as assigned.

#### **Responsibilities**

- The successful candidate will work closely with Operations, Maintenance and Technical Service groups to provide support together with maintaining and enhancing the process resources.
- The E&I Technician is responsible for installing, maintaining, and repairing all electrical circuits while ensuring that all work meets MSHA and NEC requirements.
- Provide detailed "end of shift" reports of daily tasks.

#### **Requirements**

- Minimum four (4) years Electrical/Instrumentation experience or two (2) years trade school is required.
- Possessing strong knowledge/skills in E&I repair, maintenance, installation and troubleshooting of complex equipment is required.
- Ability to read blueprints and P&ID's is required.
- Experience programming/troubleshooting VFD's, PLC's, (Allen-Bradley) is preferred.
- A willingness to work in a team-based maintenance organization is required.
- Strong dedication to safety and courageous leadership skills are required.
- Proven safe work record is required.
- Demonstrated knowledge of Microsoft Office and Pronto is preferred.
- Requires valid driver's license.

#### **Safety, Environmental, Compliance**

- Adheres to all safety and environmental disciplines.
- Have a strong commitment to safe working practices.
- Is alert and observes, corrects, and reports unsafe conditions.
- Follows operating procedures and complies with all regulatory requirements.
